POSITION DESCRIPTION

TITLE: Mustard South Australian Director

REPORTS TO: CEO

POSITION TYPE: Full time/Part time

ABOUT MUSTARD:

Mustard is an organisation that exists to transform lives through Jesus in schools. We do this through our Student Movement consisting of student-led Lunchtime Groups, and our Schools Programs that are aimed at exploring faith and life in big group presentations.

Mustard Student Movement

The Mustard Student Movement is a movement of young people committed to living out their faith at school. The primary expression of the Student Movement is through Lunchtime Groups, where communities of Christian students gather together weekly, explore ideas of faith and life, and encourage one another to live it out in action. Mustard recruit student leaders to run these Lunchtime Groups and then empower, equip and encourage them to be leaders for Jesus in their schools.

Schools Programs

Mustard's Schools Programs are big group presentations which may be in the form of a chapel service, a program that is integrated into a faith week or an extended presentation with discussion. We take the cultural norms young people face today – from mental health to social media and identity and present them with a Christian world view. The goal is to involve the Lunchtime Group from the school or other Christians so that students have a Christian connection in the school after the program is over.
